United States of America: draft resolution

The Security Council,

Having considered the serious threat to the security of the Western Hemisphere and the peace of the world caused by the continuance and acceleration of foreign intervention in the Caribbean,

Noting with concern that nuclear missiles and other offensive weapons have been secretly introduced into Cuba,

Noting also that as a consequence a quarantine is being imposed around the country,

Gravely concerned that further continuance of the Cuban situation may lead to direct conflict,

1. Calls as a provisional measure under Article 40 for the immediate dismantling and withdrawal from Cuba of all missiles and other offensive weapons;

2. Authorizes and requests the Acting Secretary-General to dispatch to Cuba a United Nations observer corps to assure and report on compliance with this resolution;

3. Calls for termination of the measures of quarantine directed against military shipments to Cuba upon United Nations certification of compliance with Paragraph 1;

4. Urgently recommends that the United States of America and the Union of Soviet Socialist Republics confer promptly on measures to remove the existing threat to the security of the Western Hemisphere and the peace of the world, and report thereon to the Security Council.
